

RoHS Compliance Policy

Scope

This policy applies to all products, components, and packaging supplied by Remora Electrical Limited across all business units and locations. It defines our commitment to comply with the **RoHS Directive 2011/65/EU, as amended (including Directive 2015/863/EU).

Policy Statement

Remora Electrical Limited confirms that, to the best of our knowledge and based on information provided by our suppliers, all products supplied by the company comply with the RoHS Directive limits for the following restricted substances:

- Lead (Pb)
- Mercury (Hg)
- Cadmium (Cd)
- Hexavalent Chromium (Cr⁶⁺)
- Polybrominated Biphenyls (PBB)
- Polybrominated Diphenyl Ethers (PBDE)
- Bis(2-ethylhexyl) phthalate (DEHP)
- Benzyl butyl phthalate (BBP)
- Dibutyl phthalate (DBP)
- Diisobutyl phthalate (DIBP)

These substances are restricted in concentrations exceeding 0.1% by weight in homogeneous materials (0.01% for cadmium), in accordance with the requirements of the Directive.

Compliance Assurance

To ensure compliance, Remora Electrical Limited:

1. Maintains ongoing communication with suppliers to obtain RoHS declarations and relevant test data.
2. Monitors updates and amendments to the RoHS Directive, including changes to exemptions and substance restrictions.
3. Implements internal controls and verification procedures to support material compliance.
4. Takes prompt corrective action where any non-compliance is identified.

Documentation and Reporting

All RoHS declarations, test reports, and supplier certifications are maintained and made available to customers upon request. Remora Electrical Limited will notify customers promptly if any supplied product is found not to conform to RoHS requirements.

Continuous Improvement

RoHS compliance forms an integral part of our product stewardship approach. We regularly review our processes and supply chain to ensure ongoing compliance, adapting to regulatory updates and industry best practice as required.
